
CAPABILITY STATEMENT

COMPANY PROFILE

Located in South East Queensland and servicing both Queensland and New South Wales, Balmoral Management Group (BMG) prides itself on delivering high quality projects and services, through the provision of a wide range of services to the Civil Infrastructure and building industry.

BMG draws on 30 years' of collective project management, consulting and construction experience and knowledge acquired through the successful execution and delivery of an extensive scope of projects and assignments, which has proven invaluable for our clients.

Our mission is to exceed our client's expectations with outstanding customer service, practical relevant solutions and enhanced added value.

Our team is led by highly experienced and competent professionals, including project managers, engineers, supervisors and operatives with vast experience in Australia and abroad with small to first tier organisations on projects ranging from small, short-term contracts to major projects delivering highly complex civil and structural components.

Our team prides itself on its ability to engage with its clients and stakeholders to deliver successful, simple and cost-effective solutions, as well as adapt to changing environments and conditions as they occur.

We ensure a personalised service and flexible approach by aligning ourselves with our customers' long-term business strategies through close consultation, building a strong customer relationship and applying best practice project management principles and methodologies. Our ability to integrate into the Client's teams and deliver on project goals immediately is seamless. We can provide the following experienced and versatile personnel;

- Construction Managers
- Project Managers
- Project Engineers
- Supervisors/Foremen
- Commercial Managers
- Programmers/Planners/Schedulers
- Bid Managers/Estimators
- QA/QC Managers/Inspectors
